

THE QUARTERLY JOURNAL OF ENGINEERING GEOLOGY

Vol. 30, Part 2

May 1997

W. P. TAYLOR & C. D. V. WILSON: Tectonically influenced glacial erosion, and ensuing valley infill: a geophysical survey	97
D. K. TALBOT, D. L. HODKIN & T. K. BALL: Radon investigations for tunnelling projects: a case study from St Helier, Jersey	115
M. CHEN, C. SOULSBY & B. WILLETTS: Modelling river-aquifer interactions at the Spey Abstraction Scheme, Scotland: implications for aquifer protection	123
P. G. D. WHITESIDE: Technical Note: Drainage characteristics of a cut soil slope with horizontal drains	137

Groundwater Microbiology

including papers from the conference *Groundwater Microbiology, Burlington House, London, 5 September 1995*

A. WATERS & D. BANKS: Photographic Feature: The Chalk as a karstified aquifer: closed circuit television images of macrobiota	143
J. M. WEST & P. J. CHILTON: Aquifers as environments for microbiological activity	147
N. R. G. WALTON: An unusual coexistence of sulphate-reducing bacteria and algae in a confined groundwater production system	155
S. F. TYRREL & P. HOWSAM: Aspects of the occurrence and behaviour of iron bacteria in boreholes and aquifers	161
J. TRANTER, J. GUNN, C. HUNTER & J. PERKINS: Bacteria in the Castleton Karst, Derbyshire, England	171
S. PEDLEY & G. HOWARD: The public health implications of microbiological contamination of groundwater	179
Book Reviews	189

0481-2085(199705)30:2:1-J

Abstracted and/or indexed in *Current Contents*, *ASCA*, *Science Citation Index*, *Groundwater On-Line Geological Abstracts*, *Petroleum Abstracts*, *Geotechnical Abstracts*, *Geoarchive*, *GeoRef* and *GEOBASE*

Published by The Geological Society, Burlington House, Piccadilly, London W1V 0JU
